COURSE DETAILS OVERLEAF
ABOUT THE LECTURERS

Dr John Barrett: Is from the school of Education, Macquarie University, and he has studied and taught extensively the applications of Computers in Education.

Jackie Chalmers: Draws on more than 15 years computer teaching experience, some of which was spent as a Training Supervisor setting up an Apple classroom.

Trish Coote: Is the computer advisor for the Catholic Education Office. She is also the in-service teacher in Computer Education specialising in LOGO.

Geoff Dix: Is an expert in computers in education and has taught Computer Studies for many years.

Gary Ferguson-Smith: Is well known for his computer classes at Plumpton High School, The Computer Shop and Nepean College. Gary's courses are always very informative and entertaining.

Chree Gledhill: Is a graduate from Monash University including a Diploma of Education. She has taught for 12 years and has studied computing in both America and Australia. In 1984 she was co-ordinator and teacher of a Community Computer Education project in Canberra.

John Oakley: Is a Senior Lecturer at Mitchell College of Advanced Education, Bathurst, lecturing in Educational Computing.

Jim Rennie: Is a Director of the Northern Districts Education Centre. He specialises in training and the use of computers in education and administration.

Graeme Salter: Is an expert in his field having taught Computer Science for many years at the secondary school level. He specialises in Computer Education and School Administration and has a good working knowledge of Apple Works.
